

RESPONSIBLE INVESTMENT

Preamble

Keensight Capital is a European growth buyout investor with deep expertise in Technology and Healthcare. We partner with the management teams of fast-growing and profitable companies providing capital, strategic guidance and operational support.

Since its inception, the team at Keensight Capital has been delivering value to investors by backing management teams to build stronger and more valuable businesses. Long-term sustainability is at the core of what we do. We believe that having a responsible and proactive approach to sustainability will positively impact our performance, the success of our portfolio companies and society at large.

As such, we expect both our management company and portfolio companies to be committed to our environmental and social engagements.

ENGAGEMENT TO SOCIAL VALUES

In 2017, Keensight Capital reinforced its social commitment by becoming member of the Board of Linktogether, the Linkbynet's Foundation. Linkbynet, part of Keensight Capital portfolio, is very involved in ESG practices.

Linktogether, founded in 2016, aims to:

- Promote educational projects using numerical tools and favour equal opportunities;
- Reduce the carbon impact of human activities by financing sustainable ecological projects

Projects involved

Creation of a computer lab to provide better access to education and computer training to underprivileged children - **Vietnam**

Reforestation and agroforestry - **Ecuador**

Showing Solidarity through football

For the third year in a row, Keensight Capital participated to the France Invest's urban football tournament for the benefit of the Institut d'Engagement (previously Institut du Service Civique) who received the inscription fees.

The Institut d'Engagement, founded in 2012 and chaired by Martin Hirsch, former president of Emmaüs France targets young adults that have shown their potential and will support them on their path toward a training course or start-up creation.

Every youth is accompanied by a mentor who advises him on the success of his project. These youths, graduate or not, from all backgrounds, are put in touch with companies, educational institutions, associations that share the same values.

Support to the promotion of equal opportunities

Keensight Capital supports the association "Nos Quartiers ont du Talents" (NQT) to promote equal opportunities.

Since its launch in 2006, NQT helps young graduates (under 30 years old) from difficult social background to enter the labour force thanks to sponsorship from managers and CEOs.

NQT helps young graduates to succeed by guiding them in their endeavours. Mentors working pro bono help those from difficult backgrounds to acquire work knowledge, to refine their job hunt and to build networks. (corporate code, advice on CV and cover letter, preparation to job interview, network opportunities...)
